Water Supply Scheme Mangalore
Creation of a special sub-division
and additional staff for the
Office of the E.E. (P.H.) Coimbatore
Other papers

Office of the Sanitary Engineer
to Government, Chepauk, Madras.

No.21973 Wks/49-1 WS
39-8-WS

Dated 11th January 1950.

To

The Chief Engineer
P.W.D. (General),
Chepauk, Madras.

Sir,

Sub: Mangalore Municipal Water Supply Scheme--Execution of--Special staff for--sanction requested.

Ref: G.O.No.1798 P.H., dated 16th May 1949.

The Execution of the Mangalore Municipal Water Supply Scheme has been sanctioned in G.O.No.1798 P.H. dated 16-5-49. Plans and estimates for the head works portion of the scheme costing Rs.3.15 lakhs were also technically sanctioned by the Chief Engineer in his No.2251 PNN/46-29, dated 1-6-49. The laying of the infiltration gallery, the approach road and suction well has to be undertaken as an urgent work, as an allotment has been made even in the current year for the purpose.

2. In the reorganised set up of the Sanitary Engineering Branch there are only 2 Assistant Engineers under the E.E. (P.H.) Coimbatore Division. One Assistant Engineer at Coimbatore has his hands full with the Coimbatore Water supply improvements scheme now in progress (duplication of the gravity main, construction of the low level S.R. etc.) as well as the Coimbatore Drainage scheme, (Block E., as well as pre-treatment works for disposal of the sewage.) In addition, the Sub Divisional Officer will also have to look after the works in progress at Valparai Water Supply Scheme, Kozikode Water Supply Scheme etc., apart from investigation work falling in his jurisdiction. Likewise, the second Assistant Engineer now posted to this Division is stationed at Salem to attend to the urgent works in progress to bring the Salem-Mettur Water Supply Scheme into operation as early as possible. The construction of the S.R. at Ammapet, followed by improvements to the distribution system within Salem town, will tax the sub-division heavily enough. This apart, it is not practicable to place either of these 2 Assistant Engineers in charge of the Mangalore Water Supply Scheme so far away from their head quarters. Moreover, the infiltration works for the Mangalore Water Supply Scheme will have to be arranged for as a rush job to suit seasonal variations in the locality. The local officer in charge of the work will also have to arrange for other items of work to suit the grant allotment to be expended on the scheme. Considering all these aspects, and as it will not be in the interests of work to manage this large and complicated work with any officer of lesser rank than an Assistant Engineer, I have to request that a Special Sub Division may be sanctioned for a period of one year for the execution of the Mangalore Water Supply Scheme. The following technical and administrative staff may be sanctioned for the purpose as well as for the Division office at Coimbatore:-

1	Assistant Engineer	on Rs.260-30/2-380-40/2-500)	
2	Supervisors	on Rs.100-250)	
1	Upper Division Clerk	on Rs.80-110)	For Sub-Division
1	Lower Division Clerk	on Rs.45-90)	
5	Peons	)	
1	Draftsman III Grade	on Rs.70-120)	For Division Office.
1	Lower Division Clerk	on Rs.45-90)	

DEPUTY SECRETARY
8 FEB 1950
EDUCATION AND PUBLIC HEALTH

I may point out in this connection that the sanction for such special staff was applied for by the Superintending Engineer P.W.D. Coimbatore Circle in his letter No. 1772 W d/ 20.7.49

I request that early orders of Government may kindly be obtained for the special staff in the ~~Circle~~ circumstances ~~as~~ explained.

Water Supply scheme - Mangalore-creation of a special sub-division and additional staff for the Office of the EE (P.H.) Coimbatore - Orders passed.

Read G.O.1798 P.H. dated 16-5-49.

Ref: From the C.E. P.W.D. Ednt.5358 PWW/49-8 dated 4-2-50.

ORDER(MS) NO. 1328 HEALTH DATED 15-4-50

Sanction is accorded to the creation of a special sub-division with the following staff for the execution of the Mangalore Water Supply Scheme:-

One Asst. Engineer on Rs.260-30/2-380-40/2-500

Two Supervisors on Rs.100-5-150-10-250

One U.D.C. on Rs.80-110

One L.D.C. on Rs.45-90

Five peons on Rs 18-25.

2. Sanction is also accorded to the employment of the addl. staff of one Draftsman, III Grade and one L.D.C. in the office of the Executive Engineer P.H.

Coimbatore in connection with the execution of the Mangalore water supply scheme.

3. The period of the sanctions hereby accorded is one year from the date of appointment.

The expenditure on the staff will be debited to "39.P.H. - a. Public Health Establishment - C.Sanitary and Deputy Sanitary Engineers"

E/H. W.S. Scheme - Creation of a special sub division for the Mangalore W.S. scheme and additional staff for (P.H.) Division, Coimbatore

pp 333-334 CF (A). Read G.O 1798 P.H. d 16.5.49
pp 2 CF. Reg:- from the CE PWD Lr.No. 5358 PNN/49-8 d 4-2-50.

Please see the Sanitary Engineer's proposal at pages 1-2 CF

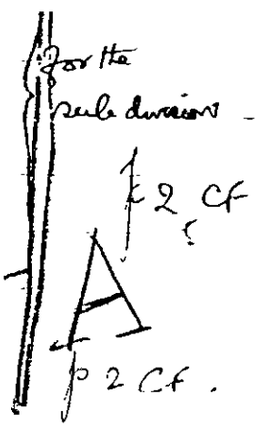
pp 333-334 CF (A) 2. In G.O 1798 P.H. d 16.5.49 the Govt sanctioned the execution of the Mangalore PL. water supply scheme and they also sanctioned the plans and estimates amounting to Rs 3.15 lakhs for the work of infiltration gallery and suction well, which form the first stage of the PL. water supply scheme. The Sany Engr. states that pp 1 CF. the laying of infiltration gallery, the approach road and suction well has to be undertaken as an urgent work.

3. In the reorganised set up of the Sanitary Engineering Branch, there are two Assistant Engineers, under the Executive Engr (P.H). Coimbatore Division. The two Assistant Engrs (P.H) are in charge of the two rule divisions at Coimbatore and Salem respectively. The Sany Engr states that pp 11 CF (D) in the forwarding lr pp 1 CF the Assistant Engr at Coimbatore is attending to the Coimbatore water supply improvements scheme now in progress, as well as the Coimbatore drainage schemes and also looking after the works in progress at Valparai and Kozikode water supply schemes. The Sany E. further states that the Assistant Engr (P.H) at Salem is attending to the urgent works in progress to bring the Salem-Mettur water supply scheme into operation early and the construction of the S.R. (Service Reservoir) at Ammapet (Salem)

P.T.O.

4. The Sanitary Engr states that apart from the reasons stated in para 3 above, it is not practicable to place either of these two Assistant Engrs in charge of the Mangalore water supply scheme so far away from their head-quarters. He further states that the infiltration-works for the Mangalore water supply scheme should be arranged for as a rush job to suit seasonal variations in the locality. In view of the above, the Sanitary Engr requests that a special sub-division with the following staff may be sanctioned for a period of one year for the execution of the Mangalore water supply scheme, and also the following additional staff for the Division Office at Coimbatore :—

one	Assistant Engr on Rs 260-30/2-380-40/2-500	for the sub division
two	Supervisors on Rs 100-200	
one	U.D.C. on Rs 80-110	
one	L.D.C. on Rs 45-90	
5	Peons	
one	Draftsman III Grade on Rs 70-120	for the Division Office
one	L.D.C. on Rs 45-90	



5. In Lr. No. 26 116 P.H & 21.7.49 additional staff was sanctioned for the Sany. Engrg Branch with a view to reorganise that Branch and to transfer to it the work of executing water supply and drainage schemes in addition to investigating and designing them. The proposals for the reorganisation of the Sany. Engrg. Branch were submitted by the CE in Nov 48. It was some months later, i.e. in March 49 that the SE submitted the programme of work — the first five-year Plan. It may be that the CE in forwarding the proposals for reorganisation

of the Engg Branch were submitted by the CE. He was not fully aware of the magnitude of the work and the distribution of schemes which were later included in the Five-year Plan. This, it seems, accounts for the present request for additional special staff for the Mangalore water supply. For the reasons stated in paras 3 and 4 above the staff sanctioned as applied for may be sanctioned. Fin may have no objection to the proposal as centage charge will be levied in respect of the scheme.

PW and Fin may be requested to offer their remarks

Finance (R.) 1111.

The case relates to the employment of the special staff mentioned at 'A' on page 2 above for the execution of the Mangalore Municipal water supply scheme, for a period of one year. The extra cost on account of the special staff works out to Rs.18,516/- p.a. It is stated that centage charges will be levied in respect of the scheme.

2/. In G.O.No.1798 P.H. dated 16-5-49, the Government have sanctioned the execution of the Mangalore Municipal water supply scheme, and they also sanctioned the plans and estimates amounting to Rs. 3.15 lakhs for the work of infiltration gallery and suction well etc. The centage charges @ 15½% on the sanctioned estimate of the scheme in question (viz. Rs. 3.15 lakhs) will come to Rs. 48,825/-. As the cost on account of the special staff comes only to Rs. 18,516/- per annum and this will be covered by the centage charges, Finance need not object to the employment of the special staff at 'A' on page 2 above.

3/. It is not necessary to refer the case to the Standing Finance Committee and the Cabinet (c.f. para 3 of this Department's note in the top file). Health Department may, however, be requested to circulate the case to H.M.(Finance) before the issue of orders.

In May 1949, the Govt. sanctioned the execution of the Mangalore Municipal W.S. scheme and they also sanctioned the plans and estimates amounting to Rs.3.15 lakhs for the work of infiltration gallery and suction well, which form the first stage of the Municipal W.S. scheme. The S.E. states that the laying of infiltration gallery, the approach road and suction well has to be undertaken as an urgent work.

In the reorganised set-up of the Sanitary Engineering Branch, there are two Asst. Engineers in charge of the two subdivisions at Salem and Coimbatore, under the Executive Engineer (P.H.), Coimbatore. The S.E. states that these two Asst. Engineers are having full work and that it is not

P.T.O.

practicable to place either of them in charge of Mangalore W.S. scheme. It is also stated that the infiltration works should be arranged for as a rush job to suit seasonal variations in the locality. The S.E. has requested that a special sub-division with the following staff may be sanctioned for a period of one year for the execution of the Mangalore W.S. scheme and also the following addl. staff for the Coimbatore P.H. Division office in that connection.

One Asst. Engineer	on	Rs.260-30/2-380-40/2-500	) for the Sub-Divn
Two Supervisors	on	Rs.100-250	
One U.D.C.	on	Rs.80-110	
One L.D.C.	on	Rs.45-90	
Five peons	on	Rs 18-25.	

One Draftsman, III Gr.	on	Rs.70-120	) for the Division Office
One L.D.C.	on	Rs.45-90	

It is proposed to sanction the employment of the above staff for a period of one year. The extra cost involved on account of the special staff is Rs.18516/- p.a. This will be covered by the centage charge which will be levied for the scheme. Finance have agreed to the proposal. A draft order is submittd ~~for approval~~ below

The file may be circulated to H.M.(H) and H.M.(Finance) for orders.
